

# Members of Institute of Information Technology received Certificates of Appreciation! April 2013

At the 104th MPEG meeting in Incheon, Korea, the International Organisation for Standardisation (ISO) and the International Electrotechnical Commission (IEC) acknowledged with appreciation the special contribution made by Markus Walzl and Christian Timmerer as project editors of various international standards, most notably MPEG-V (Media Context and Control – Sensory Information) and MPEG-M (MPEG Extensible Middleware).

The 105th MPEG meeting will be in Vienna from July 29th to August 2nd, 2013!
