Italy has won the cup! The 1st ITEC Soccer Cup finals took place on 9th of June, just before the world cup starts and we already know the top favourite. In the ITEC version of the soccer cup the Italian team (M. del Fabro and C. Keim) could show their convincing abilities with the Playstation controller and took home the title! We are looking forward to challenge this year's winner ;)

ITEC Soccer Cup Finals - June 9th, 2010
